COMMENTS:	<p>Because of the age and health conditions of my family and many residents in Fredericksburg, it is very discouraging to see so many visitors in our town not wearing masks. I would really like to see the City Council discuss this and come up with a way to make visitors to our town from many other towns and cities where Corona Virus rates are much higher wear masks while visiting our Fredericksburg. Other cities and towns in Texas are doing this to protect not just their citizens but also the people visiting. Our Corona virus rates have been low so far, so why take a chance now? I have been downtown several times since the shops have reopened and saw NO visitors wearing masks. I ask you to please respectfully consider this, so we can try to avoid a potential future outbreak in our town. Thank you!</p>

Agenda Item #: Update on Coronavirus Pandemic

COMMENTS: Locals are very concerned that the tourists are not required to wear masks before entering opened establishments. I saw the city police downtown on bicycles and even the police officers were NOT wearing masks! I feel it shows total disrespect for the health of our local citizens because tourists are coming from the big towns and bringing the virus with them. Could tourists be required to wear masks to enter establishments? We need to work together to keep our town safe!

COMMENTS:	Lift all covid restrictions immediately. Open playgrounds immediately. You do not have any scientific data to warrant any of this government overreach and socialism/ communism. We pay taxes for things like the playgrounds and are Free Americans with many rights that are being trampled on everywhere. Do not be part of the problem but be a leader in the solution- just open it all up! Pools also need to open on time and run the full season.
