

City of Fredericksburg

Application for Historic Preservation Grant

The City of Fredericksburg’s Historic Preservation Ordinance requires that properties located in the City’s Historic District or which are designated as Historic Landmarks be preserved and not fall into disrepair. Property owners in need of financial assistance to help repair historic properties can apply for funds to repair and maintain properties. City Council has allocated \$35,000 total for all grants in FY 21--22.

Grant application deadline: June 17th **Committee Decision made by: July 1st**

The grant is a reimbursement. Given the limited amount of funding, the grant is only open to Owner-occupied structures with significant need.
